JOGNN SUBJECT INDEX

Volume 33

A

Abuse
- domestic violence and trauma care in teenage pregnancy: does paternal age make a difference, 312
- effect of an intimate partner violence educational program on the attitudes of nurses, 572
- influences of income, education, age and ethnicity on physical abuse before and during pregnancy, 561
- prenatal predictors of intimate partner abuse, 54
- survivors of childhood sexual abuse: implications for perinatal nursing care, 485

Adolescent health, increasing activity to reduce obesity in adolescent girls: a research review, 801

Aging
- elder mistreatment in women, 657
- global aging: implications for women and women's health, 627
- health promotion for mid- and later-life women, 639
- influence of age on symptoms of perimenopause, 340
- youth is a gift of nature, but aging is a work of art: health issues of older women, 626

Antenatal diagnosis, parents' perspectives on decision making after antenatal diagnosis of congenital heart disease, 64

Antibody deficiency, women with primary antibody deficiencies requiring IgG replacement therapy: their perception of prenatal care during pregnancy, 604

Autonomic function
- developmental patterns of physiological response to a multisensory intervention in extremely premature and high-risk infants, 266
- spectral analysis of heart rate variability: an emerging tool for assessing stability during transition to extrauterine life, 256

B

Bathing
- effect of bather and location of first bath on maintaining thermal stability in newborns, 175
- tub bathing versus traditional sponge bathing for the newborn, 704

Bed rest, evolution of bed rest as a clinical intervention, 542

Birth narratives, making meaning: women's birth narratives, 508

Birth weight
- mothers' decisions to change from formula to mother's milk for very-low-birth-weight infants, 692
- positive pregnancy outcomes in Mexican immigrants: what can we learn, 783
- prenatal nutrition and birth outcomes, 809
- rush mothers' milk club: breastfeeding interventions for mothers with very-low-birth-weight infants, 164
- smoking cessation counseling for pregnant women who smoke: scientific basis for practice for AWHONN's success project, 298

Bottle feeding, interaction between feeding method and co-sleeping on maternal-newborn sleep, 580

Brazelton assessment scale, evaluation of Korean newborns with the Brazelton neonatal behavioral assessment scale, 589

Breastfeeding
- grief, anxiety, stillbirth, and perinatal problems: healing with kangaroo care, 774
- interaction between feeding method and co-sleeping on maternal-newborn sleep, 580
- mothers' decisions to change from formula to mother's milk for very-low-birth-weight infants, 692
- rush mothers' milk club: breastfeeding interventions for mothers with very-low-birth-weight infants, 164

C

Calcium
- calcium in women: healthy bones and much more, 21
- deep tendon reflexes, magnesium, and calcium: assessments and implications, 221

Cardiovascular disease, postmenopausal hormone replacement and cardiovascular disease: incorporating research into practice, 648

Case study, imposed burdens: a Mexican American mother's experience of family resources in a newborn intensive-care unit, 156

Cesarean birth, VBAC: safety for the patient and the nurse, 105

Childbirth
- childbirth experiences of professional Chinese Canadian women, 748
- giving birth: the voices of orthodox Jewish women living in Canada, 80
- keeping birth normal: research findings on midwifery care during childbirth, 554
- making meaning: women's birth narratives, 508
- positive pregnancy outcomes in Mexican immigrants: what can we learn, 783
- prenatal nutrition and birth outcomes, 809
- promoting positive birth experiences, 484
- reevaluation of Friedman's labor curve: a pilot study, 713
- survivors of childhood sexual abuse: implications for perinatal nursing care, 485
- utility of fFN for the prediction of preterm birth in twin gestations, 446
- VBAC: safety for the patient and the nurse, 105

Clinical issues
- assessment and management of neonatal stressors, 235
- behavioral and physiological indicators of procedural and postoperative pain in high-risk infants, 246
- childbearing women's perceptions of nursing care that promotes dignity, 498
- developmental patterns of physiological response to a multisensory intervention in extremely premature and high-risk infants, 266
- elder mistreatment in women, 657
- empowering older women: strategies to enhance their health and health care, 664
- global aging: implications for women and women's health, 627
- growing future leaders: developing perinatal managers from within, 362
- health promotion for mid- and later-life women, 639
- leadership, 354
- leadership in nursing informatics, 371

- survivors of childhood sexual abuse: implications for perinatal nursing care, 485
- utility of fFN for the prediction of preterm birth in twin gestations, 446
- VBAC: safety for the patient and the nurse, 105

Clinical issues
- assessment and management of neonatal stressors, 235
- behavioral and physiological indicators of procedural and postoperative pain in high-risk infants, 246
- childbearing women's perceptions of nursing care that promotes dignity, 498
- developmental patterns of physiological response to a multisensory intervention in extremely premature and high-risk infants, 266
- elder mistreatment in women, 657
- empowering older women: strategies to enhance their health and health care, 664
- global aging: implications for women and women's health, 627
- growing future leaders: developing perinatal managers from within, 362
- health promotion for mid- and later-life women, 639
- leadership, 354
- leadership in nursing informatics, 371

legal issues, 92
liability in the care of the elderly, 124
making meaning: women's birth narratives, 508
malpractice and the neonatal intensive-care nurse, 116
maternal or fetal heart rate? avoiding intrapartum misidentification, 93
nursing leadership in the boardroom, 381
obesity and nutrition in women throughout adulthood, 823
postmenopausal hormone replacement and cardiovascular disease: incorporating research into practice, 648
prenatal nutrition and birth outcomes, 809
promoting positive birth experiences, 484
role transitions for new clinical leaders in perinatal practice, 355
spectral analysis of heart rate variability: an emerging tool for assessing stability during transition to extrauterine life, 256
survivors of childhood sexual abuse: implications for perinatal nursing care, 485
VBAC: safety for the patient and the nurse, 105
Contraceptives, improving patient educational literature: an understandable patient package insert for "the pill," 198
Cotinine, comparison of self-reported smoking and urinary cotinine levels in a rural pregnant population, 306

D
Domestic violence
domestic violence and trauma care in teenage pregnancy: does paternal age make a difference, 312
effect of an intimate partner violence educational program on the attitudes of nurses, 572
elder mistreatment in women, 657
prenatal predictors of intimate partner abuse, 54

E
Editorials
choosing healthy behaviors: one small step for womankind, 539
health promotion begins at the breast, 297
making a difference, 689
maternal mortality in the global village, 153
revisiting commitment, 9
systematic reviews of research, 409
youth is a gift of nature, but aging is a work of art: health issues of older women, 626
Education
annotated bibliography of National Institute of Nursing research findings on women's health across the lifespan: articles published since 2002, 791
effect of an intimate partner violence educational program on the attitudes of nurses, 572
future of professional education in natural family planning, 34
Egg donation, recipients of oocyte donation: an integrative review, 610
Endometriosis, more than just menstrual cramps: symptoms and uncertainty among women with endometriosis, 71
Evidence-based practice resources, 88, 231, 480, 622

F
Factor V Leiden, factor V Leiden mutation in pregnancy, 348
Family-centered care
family-centered care: do we practice what we preach?, 421
imposed burdens: a Mexican American mother's experience of family resources in a newborn intensive-care unit, 156
Fatherhood, fathers' perceptions of the immediate postpartal period, 328
Fertility, future of professional education in natural family planning, 34
Fetal fibronectin, utility of fFN for the prediction of preterm birth in twin gestations, 446
Fetal monitoring
is there logic behind fetal monitoring, 550
maternal or fetal heart rate? avoiding intrapartum misidentification, 93

G
Genetic disorders, spinal muscular atrophy in the neonate, 12
Genetics, nurses' views on their roles in genetics, 756

H
Health promotion
empowering older women: strategies to enhance their health and health care, 664
health promotion for mid- and later-life women, 639
Hearing screening, evaluation of the Natus ALGO 3 newborn hearing screener, 183
Heart disease, parents' perspectives on decision making after antenatal diagnosis of congenital heart disease, 64
Heart rate variability, spectral analysis of heart rate variability: an emerging tool for assessing stability during transition to extrauterine life, 256
HELLP syndrome, model for the HELLP Syndrome: the maternal experience, 44
High-risk infants
behavioral and physiological indicators of procedural and postoperative pain in high-risk infants, 246
developmental patterns of physiological response to a multisensory intervention in extremely premature and high-risk infants, 266
High-risk pregnancy, deep tendon reflexes, magnesium, and calcium: assessments and implications, 221
Homelessness, barriers to prenatal care for homeless pregnant women, 428
Hormone replacement therapy, postmenopausal hormone replacement and cardiovascular disease: incorporating research into practice, 648
Hypertension, hypertensive disorders of pregnancy, 209

I
IgG replacement therapy, women with primary antibody deficiencies requiring IgG replacement therapy: their perception of prenatal care during pregnancy, 604
Infant death, spinal muscular atrophy in the neonate, 12
Infertility, support from health care providers and the psychological adjustment of individuals experiencing infertility, 597

J
Jewish cultural, giving birth: the voices of orthodox Jewish women living in Canada, 80

L
Labor, reevaluation of Friedman's labor curve: a pilot study, 713
Lactose intolerance, calcium in women: healthy bones and much more, 21
Leadership
growing future leaders: developing perinatal managers from within, 362

leadership, 354
leadership in nursing informatics, 371
nursing leadership in the boardroom, 381
role transitions for new clinical leaders in perinatal practice, 355
Letters, 10, 154, 540, 690

M
Magnesium, deep tendon reflexes, magnesium, and calcium: assessments and implications, 221
Malpractice issues
liability in the care of the elderly, 124
malpractice and the neonatal intensive-care nurse, 116
Maternal attachment
grief, anxiety, stillbirth, and perinatal problems: healing with kangaroo care, 774
predictors of prenatal attachment in mothers of twins, 436
Maternal health, early detection of postpartum depression: midwives and nurses trial a checklist, 191
Men
father's perceptions of the immediate postpartal period, 328
support from health care providers and the psychological adjustment of individuals experiencing infertility, 597
Menopause management, influence of age on symptoms of perimenopause, 340
Menstrual cramps, more than just menstrual cramps: symptoms and uncertainty among women with endometriosis, 71
Midwifery, keeping birth normal: research findings on midwifery care during childbirth, 554
Mortality trends, global aging: implications for women and women's health, 627
Multiple sclerosis, postpartum emotional distress in mothers with multiple sclerosis, 729

N
Neonatal care
behavioral and physiological indicators of procedural and postoperative pain in high-risk infants, 246
effect of bather and location of first bath on maintaining thermal stability in newborns, 175
evaluation of Korean newborns with the Brazelton neonatal behavioral assessment scale, 589
evaluation of the Natus ALGO 3 newborn hearing screener, 183
family-centered care: do we practice what we preach?, 421
grief, anxiety, stillbirth, and perinatal problems: healing with kangaroo care, 774
interaction between feeding method and co-sleeping on maternal-newborn sleep, 580
is there logic behind fetal monitoring, 550
malpractice and the neonatal intensive-care nurse, 116
mothers' decisions to change from formula to mother's milk for very-low-birth-weight infants, 692
nutrition in women and newborns, 800
spectral analysis of heart rate variability: an emerging tool for assessing stability during transition to extrauterine life, 256
Neonatal management, assessment and management of neonatal stressors, 235
Neonatal skin care
tub bathing versus traditional sponge bathing for the newborn, 704
validity and reliability of the neonatal skin condition score, 320
Nursing
childbearing women's perceptions of nursing care that promotes dignity, 498
effect of an intimate partner violence educational program on the attitudes of nurses, 572
evolution of bed rest as a clinical intervention, 542
leadership in nursing informatics, 371
malpractice and the neonatal intensive-care nurse, 116
maternal or fetal heart rate? avoiding intrapartum misidentification, 93
nurses' attitudes toward pregnancy termination in the labor and delivery setting, 472
nurses' views on their roles in genetics, 756
nursing leadership in the boardroom, 381
survivors of childhood sexual abuse: implications for perinatal nursing care, 485
Nursing home lawsuits, liability in the care of the elderly, 124
Nutrition
nutrition in women and newborns, 800
obesity and nutrition in women throughout adulthood, 823
prenatal nutrition and birth outcomes, 809

O
Obesity
increasing activity to reduce obesity in adolescent girls: a research review, 801
obesity and nutrition in women throughout adulthood, 823

P
Pain, behavioral and physiological indicators of procedural and postoperative pain in high-risk infants, 246
Parenthood
achieving a new balance: women's transition to second-time parenthood, 455
maternal perspectives on postpartum return to the workplace, 463
Patient education, improving patient educational literature: an understandable patient package insert for "the pill," 198
Perinatal care
growing future leaders: developing perinatal managers from within, 362
role transitions for new clinical leaders in perinatal practice, 355
survivors of childhood sexual abuse: implications for perinatal nursing care, 485
Postpartum
fathers' perceptions of the immediate postpartal period, 328
maternal perspectives on postpartum return to the workplace, 463
postpartum emotional distress in mothers with multiple sclerosis, 729
Postpartum depression
early detection of postpartum depression: midwives and nurses trial a checklist, 191
postpartum depression beyond the early postpartum period, 410
Pregnancy
barriers to prenatal care for homeless pregnant women, 428
comparison of self-reported smoking and urinary cotinine levels in a rural pregnant population, 306
effects of spirituality and psychosocial well-being on health risk behaviors in Appalachian pregnant women, 739

factor V Leiden mutation in pregnancy, 348
hypertensive disorders of pregnancy, 209
impact of prior perinatal loss on subsequent pregnancies, 765
influences of income, education, age and ethnicity on physical abuse before and during pregnancy, 561
nurses' attitudes toward pregnancy termination in the labor and delivery setting, 472
positive pregnancy outcomes in Mexican immigrants: what can we learn, 783
prenatal nutrition and birth outcomes, 809
prenatal predictors of intimate partner abuse, 54
smoking cessation counseling for pregnant women who smoke: scientific basis for practice for AWHONN's success project, 298
women with primary antibody deficiencies requiring IgG replacement therapy: their perception of prenatal care during pregnancy, 604
Premature infants
developmental patterns of physiological response to a multisensory intervention in extremely premature and high-risk infants, 266
utility of fFN for the prediction of preterm birth in twin gestations, 446
Prenatal attachment
impact of prior perinatal loss on subsequent pregnancies, 765
predictors of prenatal attachment in mothers of twins, 436
Prenatal care
barriers to prenatal care for homeless pregnant women, 428
smoking cessation counseling for pregnant women who smoke: scientific basis for practice of AWHONN's success project, 298
women with primary antibody deficiencies requiring IgG replacement therapy: their perception of prenatal care during pregnancy, 604

R

Reports
annotated bibliography of National Institute of Nursing research findings on women's health across the lifespan: articles published since 2002, 791
grief, anxiety, stillbirth, and perinatal problems: healing with kangaroo care, 774
resources for evidence-based practice, 88, 231, 480, 622
Reproduction
future of professional education in natural family planning, 34
recipients of oocyte donation: an integrative review, 610
Reproductive health, refugee women's reproductive health in early resettlement, 723
Research
achieving a new balance: women's transition to second-time parenthood, 455
barriers to prenatal care for homeless pregnant women, 428
childbirth experiences of professional Chinese Canadian women, 748
comparison of self-reported smoking and urinary cotinine levels in a rural pregnant population, 306
domestic violence and trauma care in teenage pregnancy: does paternal age make a difference, 312
early detection of postpartum depression: midwives and nurses trial a checklist, 191
effect of an intimate partner violence educational program on the attitudes of nurses, 572
effect of bather and location of first bath on maintaining thermal stability in newborns, 175
effects of spirituality and psychosocial well-being on health risk behaviors in Appalachian pregnant women, 739
evaluation of Korean newborns with the Brazelton neonatal behavioral assessment scale, 589
evaluation of the Natus ALGO 3 newborn hearing screener, 183
evolution of bed rest as a clinical intervention, 542
factor V Leiden mutation in pregnancy, 348
